JOB ROLE	Front-end Developer
Location	Kew / Brentford TW8
Job Type	Full-time
Salary Offered	Competitive package and benefits

This is a great opportunity to join a busy team working on many Magento e-commerce websites for various high net worth companies, famous museums, and many more; also responding to 50-100 inbound support requests a week for e-commerce software support.

We're on the lookout for a passionate developer who immerses self in designing front-end screens by converting from PSD file - your main role will be to understand client's requirements, convert the design to web pages, that are responsive, test and integrate them to the satisfaction of all the stakeholders. The role will suit an IT Graduate with a qualification in computer sciences, programming or similar with skills in HTML & CSS; knowledge of SASS would be an added advantage.

About You …

- Have empathetic listening skills, enjoy problem-solving and a naturally positive, can-do attitude
- Excellent ability to convert PSD mockups into interactive digital experiences
- Demonstrated proficiency in hand-coding (no WYSIWYG) HTML using semantic markup, and CSS layout / positioning
- Experience using JS Frameworks (jQuery, etc.)
- A solid portfolio of quality, hand-coded responsive web projects
- A passion for front-end architecture as well as driven attitude towards learning new web technologies
- Solid understanding of cross-browser/platform issues and code solutions
- Excellent time management, problem solving, teamwork, and communication skills
- You have a knack for creating captivating user experiences through today's leading technology stacks
- You are able to emulate existing HTML projects and create new ones that seamlessly integrate with existing code
- Familiarity developing with CSS pre-processor like SASS

You're Ideal If You've Done Any of the Following …

- You've previously worked on an eCommerce related project
- You've got previous experience working in the marketplaces like Amazon or eBay, using Shopify, Magento or BigCommerce

As a Front-end developer, You'll Be …

Enthusiastic, upbeat individual who is quick to learn, has a genuine interest in online business and the skills and experience to help our clients grow their businesses. You'll also need to be able to keep up with our dynamic Technical Director, helping prioritise the department's key issues while resolving client's queries quickly and efficiently.

Your Role Will Include …

- with customers to clarify needs and requirements and to build a solution design
- Translate requirements and mock-ups into fully functioning websites using HTML/CSS/JS
- Continuously look for ways to improve conversion rates and implement A/B tests
- Rigorously educate yourself on the latest development techniques and best practices
- Communicate technical solutions to team members and clients both verbally and in written documentation
- Implement new digital technologies or development techniques that help to meet client goals and business objectives
- Deliver the best technical implementations for our eCommerce partners - all rooted in acquisition, conversion and retention
- Additional duties as assigned

What you'll need to succeed …

Our ideal candidate would be a technically-savvy problem-solver who enjoys using their knowledge and skills to address client's enquiries. Commitment and enthusiasm for our services are essential - we expect all employees to contribute to the continuous improvement of the company and be part of our success.

As Our Ideal Candidate, you will …

- Possess a pro-active and positive approach to problem-solving
- Have a passion for technology, particularly e-commerce
- Possess strong communications skills (both written and oral) and be comfortable using modern technology
- Have the confidence to deal with senior level clients and members of their team
- Be able to think creatively and contribute ideas to resolving client's queries
- Be comfortable using their initiative while knowing when to escalate critical issues to their manager
- Be well organised to ensure that no client queries are lost or ignored
- Be capable of working effectively with our team of customer support agents
- Be reliable and punctual

About 247 Commerce

247 Commerce is an e-commerce agency which designs, develops and integrates beautiful, technically advanced web shops for clients including the V&A Museum, Marks & Spencer, the National Theatre, the British Museum, Royal Navy, and multiple small and medium-sized businesses.

We're an officially accredited Magento Business Solution Partner, offering bespoke web store development services featuring highly customised integrations with client's existing software systems. This usually includes integrations with third-party ERP software, warehouse management solutions, CRM systems, payment gateways, shipping services, as well as a vast range of retail software solutions available on marketplaces.

We're also the developer of 247 CloudHub, a multi-channel e-commerce integration tool, which helps online retailers automate key operational processes, reduce costs and manage online selling operations efficiently. CloudHub's modular architecture and highly customisable features provide businesses with a single lightning-fast cloud-based system with all the tools required to scale e-commerce businesses efficiently across multiple websites and marketplaces.

We're looking for someone who combines great listening skills in a courteous manner and who is responsive to clients' needs. We do expect our employees to show commitment to the success of 247 Commerce, and in return, we offer a great package along with a strong commitment to helping you reach your career goals. You'll have plenty of learning opportunities and will work with incredible people on technically advanced e-commerce projects across the retail industry.

How to Apply …

You must be eligible to work in the UK and, ideally, would be an IT Graduate with a qualification in computer sciences, programming or similar.

Applications in the form of a CV, which emphasises relevant skills and experience, together with a covering email, setting out why you'd like to be considered you for this role, should be sent to: jobs@247commerce.com.

247 Commerce is an Equal Opportunities Employer. It's important to us that 247 Commerce offers an inclusive and fair workplace for everyone. We work hard to offer a flexible working environment for all. We encourage an open and supportive atmosphere, where everyone feels included.
